ARENA VR

PORTAL VR

PORTAL VR ARENA is the turnkey solution dedicated to team-based VR experiences, offering complete freedom of movement in any available space. Our modular design concept ensures the supply of all necessary hardware and software components. With fast installation, instant gameplay launch, and high throughput capacity, **PORTAL VR** is the must-have addition to any entertainment-based venue. Exclusive game content is constantly evolving and updated. These one-of-a-kind VR experiences are backed by an exceptionally high level of interaction and immersion. The management system provides full control of the arena, quick gameplay start, and detailed tracking of game statistics.

ARENA VR

ALL-INCLUSIVE SOLUTION

- STARTING MARKETING: GRAPHICS AND VIDEOS FOR DIGITAL AND PHYSICAL MARKETING
- 3D ARENA DESIGN: CREATE A UNIQUE DESIGN FOR YOUR VENUE
- FULL SUPPLY OF ALL HARDWARE COMPONENTS
- TECHNICAL SUPPORT: ONSITE AND ONLINE ASSISTANCE
- FULL SERVICE: TRANSPORT, INSTALLATION, TRAINING COURSE, AND CERTIFICATION

STANDARD DIMENSIONS

10X15 - 10 PLAYERS

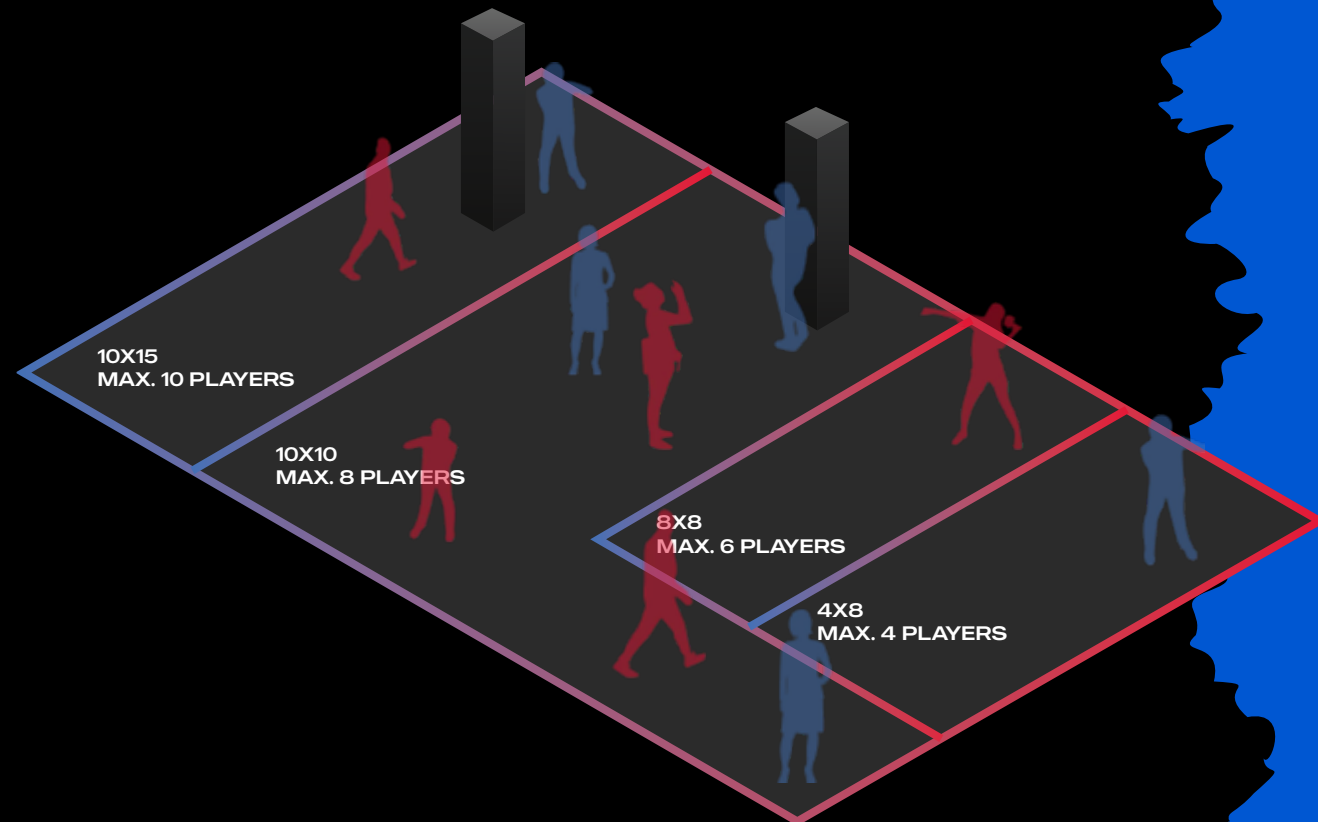

10X10 - 8 PLAYERS

8X8 - 6 PLAYERS

6X6 - 4 PLAYERS

4X8 - 4 PLAYERS

VR ARENA can be configured in any size, with all virtual maps adapted to the physical location. This customization process meets the client's specific needs, maximizing efficiency and extending revenue potential to every square meter of the venue. In addition to our **STANDARD DIMENSIONS**, custom sizes can also be created, transforming any available space into a fully functional VR experience.

PORTAL VR

ARENA VR

GAMES LIBRARY

The best-selling title **PORTAL STRIKE** is a tactical **PVP** shooter designed exclusively for the **VR ARENA**. Inspired by the acclaimed **Counter-Strike** and **Call of Duty**, it seamlessly integrates gameplay elements from paintball and laser tag, delivering a truly immersive combat experience.

PORTAL MAFIA is a 1920s-themed **PVP** shooter. Money, power, beautiful women — the ultimate prize for every man. Our mafia boss and his gang of accomplices, despite the risks, are determined to take over every casino in the city and become the most powerful crime family in the country! Heists, shootouts, extortion, and street crime spark constant gunfights with the police. The odds are even — but who will come out on top in this all-out war?

PARTY GAMES

Whack-a-Mole: Players must hit the moles that pop up using their hammers. Each player has a hammer of a different color, and the moles wear hats that match those colors. The winner is the player who hits the most moles of their own color.

Flying Animals: Players will catch waves of cute flying animals using nets. Each animal gives a certain number of points, but a sneaky fox tries to steal them! The player with the most points wins.

Snowball Fight: Players engage in a snowball battle using snowball blasters in their right hand. A grenade on the left wrist can create an ice wall to hide behind. The winner is the player who eliminates opponents the most times.

Space Invaders: A fun co-op game against alien invaders. Each player has a weapon — the winner is the one who takes down the most aliens.

Car Wash: A fast-paced challenge where players use water cannons to clean colorful stains off dirty cars. The player who washes off the most stains wins.

SKY RIDE

Sky Ride is a full-feeling VR experience that breaks through the dimensional barrier! This fully immersive and engaging adventure leverages cutting-edge **somatosensory** technology, allowing players to physically perceive key special effects throughout the gameplay: **heat, rain, cold, flight, vertigo, impact, and even scents**. Fantasy worlds, natural landscapes, flying dragons, icy caves, and breathtaking canyons with waterfalls are just some of the thrilling environments awaiting you in this new adventure. The attraction is equipped with Pico G2 4K headsets, delivering incredibly sharp images that further blur the line between reality and virtuality. Each station is paired with immersive sound via dedicated headphones and two subwoofers built into the attraction itself, isolating the player from the outside world and transporting them onto a space motorcycle. The dynamic 5-axis platform features free rotation and powerful motors with wide range motion, creating an intense airtime effect. A one-of-a-kind flight experience — hyper-realistic, smooth, and remarkably stable.

Space Ride is a multisensory virtual reality adventure that breaks down the boundaries between imagination and reality! Thanks to cutting-edge somatosensory technology, this fully immersive experience lets you physically feel a wide range of tactile stimuli, thermal, and olfactory as they unfold during gameplay. Participants of all ages can realistically perceive sensations such as heat, rain, cold, the thrill of flying, weightlessness, impact, and even smells delivering a powerful and unforgettable WOW effect! Get ready to explore fantastical realms: breathtaking natural landscapes, soaring dragons, icy caverns, and canyons with stunning waterfalls await you in this extraordinary interactive journey. The attraction is equipped with **Pico G2 4K** headsets, delivering ultra-high-definition visuals that blur the line between the real and the virtual. The immersive sound design includes individual high-fidelity headphones and two integrated subwoofers that isolate the player from the outside world, enhancing the feeling of being on board a futuristic space motorcycle. Everything is powered by a free-rotating 5-axis dynamic platform that simulates movement, acceleration, and suspension with impressive precision. The high-speed motors deliver quick response times and an intense airtime sensation, making the flight feel smooth, stable, and incredibly lifelike. A one-of-a-kind experience where technology and imagination blend seamlessly to take visitors on an intergalactic adventure beyond anything they've experienced before.

ARCADE
VR

VR Agent is a fully automated **dual-station Arcade VR shooting experience**, requiring no operator assistance, thanks to its innovative system that automatically lowers and raises the VR headset integrated into the rifle. This allows players to dive straight into the action from the very first moment. Designed for **location-based entertainment** such as indoor amusement parks, shopping malls, arcades, VR centers, and bowling alleys, it supports **single-player** or **multiplayer** modes with up to **4 players** by linking two units together. The headset delivers **ultra-high-definition graphics** and maximum interactivity. The machine includes an **electronic coin acceptor**, **front-facing speakers** for top-level immersive audio, and **4 available game environments**. Players take on missions to eliminate enemies using a wide range of weapons. They can choose from **four missions**, each featuring increasing difficulty levels, and ultimately unlock the **boss level**. A **50" vertical monitor** displays live gameplay, quickly drawing attention and boosting its popularity among spectators. The experience is further enhanced by an **air cannon**, which jolts players when hit by enemies, adding a **tactile dimension** to the gameplay. **VR Agent** takes the classic arcade shooting experience to the next level. Its **intuitive gameplay** encourages players to test their skills, ensuring a **high rate of repeat play**.

THE ONLY WAY TO RUN IN VR

The **Virtuix Omni™** is a pioneering omnidirectional platform that frees users from passive, sedentary gaming experiences, unlocking the full potential of virtual reality. With Omni, players can **walk, run, dodge, and shoot with 360° freedom of movement, delivering an unprecedented sense of immersion.** Besides offering an engaging and enjoyable experience, players also benefit physically, as any VR application becomes more comfortable and immersive when experienced through movement. The Omni is the first active virtual reality platform—meaning users have full control over their avatar's movement through their own physical actions. With Virtuix Omni, you can explore virtual environments safely and comfortably, without any risk of falling or colliding with objects or people.

VIRTUIX OMNI

AR Sniper is a tactical coin-op shooter where up to 4 players can step into the shoes of mercenary snipers. Eliminate a series of targets in an epic single-player campaign, compete in competition mode, or team up in cooperative mode with shots fired from over 1,000 meters away. AR Sniper features 4 gaming stations and 13 different game settings and scenarios across competition and cooperative modes. **Grab the rifle, look through the scope, and take aim in this stealthy first-person shooter.** Experience an explosive campaign, immersive gameplay, authentic weapons, and exclusive shootouts. The true sniper gameplay that defines the genre will be spectacular as you battle across thrilling war maps. The rifle's height is adjustable via a motorized system. The experience is amplified by recoil, managed by an air compressor, which delivers realistic kickback to players' shoulders. A large monitor on the machine displays the gameplay visuals for all 4 players.
