INSTANT FEEDBACK

**Crossbow Fishing** is a brand new competitive ticket redemption game for up to 4 players that brings this popular sport and hobby into arcades and Family Entertainment Centers. Players must catch as many fish as possible before time runs out. Speed and coordination are essential to aim the harpoon accurately and capture larger prey, earning higher scores. The reel's force feedback effect enhances the experience as players wind in the line to confirm the catch and add points to their score. The adrenaline packed gameplay is fast and intuitive, making it suitable for players of all ages. The cabinet features a striking design, highlighted by a 130" 4K videowall screen (2x65") and bright LED lights that interact with the different phases of the game. The four dedicated seats ensure high hourly capacity and an engaging experience, further enhanced by vibration effects under each seat. Suitable for all ages, Crossbow Fishing encourages players to keep playing and compete to become true masters of fishing.

Get ready for a unique experience with **Trick Pong**, the brand new ticket redemption cabinet that combines skill, reflexes, and pure adrenaline. Designed for arcades, FECs, and bowling centers, it offers gameplay that is easy to understand yet irresistibly challenging to master. Built for 1 or 2 players, Trick Pong engages instantly: players throw balls toward the 5 holes on the playfield, each releasing powerful air jets. The goal? Keep the balls perfectly suspended in midair. This is where precision, coordination, and timing come into play the key ingredients for climbing the leaderboard! The excitement reaches its peak with the Final Bonus: can you keep all 5 balls suspended at the same time?

## TICKET REDEMPTION

# CRUSH THE SEVEN SEAS

TICKET GAME

**Crush the Seven Seas** is the innovative combination of a coin pusher and video game in a single gaming experience! This ticket redemption cabinet allows 2 players to compete simultaneously in a unique mix of strategy and action. The goal is to destroy as many targets as possible within the video game to earn the final Jackpot: the release of a large number of coins hidden inside one of the 6 rum bottles. The interaction between the classic coin pusher mechanics and the integrated video game makes each round exciting and highly engaging. The first coin pusher with an integrated ticket redemption video game, Crush the Seven Seas is an innovative game that combines skill, strategy, and visual fun, perfect for arcades, Family Entertainment Center, and high-traffic locations.

**Best Racing** delivers a highly engaging, physical gaming experience, ideal for arcades and Family Entertainment Centers. This ticket redemption game is designed to allow up to four players to play simultaneously, ensuring fast, competitive matches with high replay value. The gameplay is simple and irresistible: each player throws soft rubber balls into car-shaped rings positioned at each game station. Depending on the zone the ball passes through within the holes, 1, 2, or 3 points are awarded, which are required to advance and determine the final ranking. The player who finishes in first place wins the highest number of tickets. The ergonomic playfield, designed at an optimal height, ensures a comfortable experience for players of all ages. The bright cabinet, enhanced with dynamic LED effects and an eye-catching 75" screen, makes the game immediately visible and inviting, increasing its appeal and player traffic. A cabinet that combines aesthetics, interactivity, and performance, designed to maximize fun and operational efficiency.

**Master Sniper** is an action-packed shooting game where players test their reflexes across exciting game modes. Speed and accuracy are the key skills needed to become the true champion! The machine delivers a realistic shooting experience thanks to the force feedback gun, with air compressor recoil and an integrated zoom function in the scope. The gameplay is enhanced by thrilling sounds and adrenaline-filled stages that fully engage players. It features an eye-catching design with an attractive cabinet housing an 85" monitor and bright LED light effects. Available as a video game or ticket redemption version. Configurable in 2 or 4 linked multiplayer competitive stations. Do you have what it takes to be the best? Put your skills to the test! Players progress through various stages, shooting bottles, cans, moving targets, and more. They can showcase their skills in different settings while climbing the final leaderboard. Speed and shooting precision are rewarded with higher points and/or tickets. Master Sniper is a fun game for the whole family and is ideal for family entertainment centers, bowling alleys, arcades, amusement centers, or general entertainment venues.

**AR Sniper** is a tactical coin-op shooter where up to 4 players can step into the shoes of mercenary snipers. Eliminate a series of targets in an epic single-player campaign, compete in competition mode, or team up in cooperative mode with shots fired from over 1,000 meters away. AR Sniper features 4 gaming stations and 13 different game settings and scenarios across competition and cooperative modes. **Grab the rifle, look through the scope, and take aim in this stealthy first-person shooter.** Experience an explosive campaign, immersive gameplay, authentic weapons, and exclusive shootouts. The true sniper gameplay that defines the genre will be spectacular as you battle across thrilling war maps. The rifle's height is adjustable via a motorized system. The experience is amplified by recoil, managed by an air compressor, which delivers realistic kickback to players' shoulders. A large monitor on the machine displays the gameplay visuals for all 4 players.

# PARTY GAMES

**Whack-a-Mole:** Players must hit the moles that pop up using their hammers. Each player has a hammer of a different color, and the moles wear hats that match those colors. The winner is the player who hits the most moles of their own color.

**Flying Animals:** Players will catch waves of cute flying animals using nets. Each animal gives a certain number of points, but a sneaky fox tries to steal them! The player with the most points wins.

**Snowball Fight:** Players engage in a snowball battle using snowball blasters in their right hand. A grenade on the left wrist can create an ice wall to hide behind. The winner is the player who eliminates opponents the most times.

**Space Invaders:** A fun co-op game against alien invaders. Each player has a weapon — the winner is the one who takes down the most aliens.

**Car Wash:** A fast-paced challenge where players use water cannons to clean colorful stains off dirty cars. The player who washes off the most stains wins.

# BIRTHDAY PARTY

BIRTHDAY PARTY is a play experience designed to make children's birthdays even more special and fun. The package includes three engaging minigames, created to let participants experience the thrill of organizing an unforgettable party. The games take place in team vs team mode, but with one big shared goal: to prepare the best possible party for the birthday boy. To achieve this, children must gather all the party's essentials, such as hats, candles, and gifts, overcoming simple and dynamic challenges. The way the players approach the tests directly affects the final result: at the end of the three maps, the result of the party is announced, rewarding the commitment, collaboration, and fun of all participants. A cheerful, intuitive and perfect experience to celebrate a special day.

**Space Ride X** is a 4-seat “full-feeling” VR experience that breaks every boundary between reality and virtual immersion. Thanks to innovative somatosensory technology, players can instantly feel effects such as rain, cold, flight, free fall, impact, and even scents, creating a true WOW effect for users of all ages. The adventure features spectacular scenarios: fantasy worlds, natural landscapes, flying dragons, arctic caves, and canyons with breathtaking waterfalls, delivering a thrilling and ever-changing journey. The attraction uses headsets that provide ultra-sharp images and a visual quality so realistic that it nearly eliminates the barrier between real and virtual. Each seat is equipped with dedicated headphones and supported by internal subwoofers, offering immersive audio that shuts out external noise and fully transports players onto their space motorcycle. Enhancing the experience is a dynamic, free-rotation platform with 5-axis movement capable of fast, wide motions that create a powerful airtime effect, ensuring a smooth, stable, and incredibly realistic flight.

EFFECT

**VR X3** is a VR simulator with 3 gaming stations, designed for **users of all ages**, capable of delivering unique and highly immersive experiences thanks to its **3DOF dynamic platform**. It is equipped with an electronic coin acceptor and a management console featuring a **46" vertical touchscreen monitor**, which allows operators to select the type of video/game, start the sessions, and track gameplay activity. The **360° view** provided by the VR headsets, combined with seat motion and air effects on the legs and seat interior, ensures a highly immersive and engaging gaming experience. The device also includes **2 controllers** for in-game interaction.
